Agencies shall not withhold services in order to carry forward general funds.

This provision shall be suspended if necessary to avoid a fiscal year-end general fund deficit. For purposes of this proviso, the amount of the general fund deficit shall be determined after first applying the Capital Reserve Fund provisions in Section 11-11-320(D) of the 1976 Code, and before any transfers from the General Reserve. The amount of general funds needed to avoid a year-end deficit shall be reduced proportionately from each agency's carry forward amount.

~~Agencies which have separate general fund carry forward authority must exclude the amount carried forward by such separate authority from their base for purposes of calculating the ten percent carry forward authorized herein. Any funds that are carried forward as a result of this provision are not considered part of the base of appropriations for any succeeding years.~~

**117.52** **AMEND** (GP: Employee Bonuses) Authorizes state agencies and institutions to provide selected employees lump sum bonuses, not to exceed \$3,000 per year, based on objective guidelines established by the B&C Board. Directs that these bonuses are not part of the employee's base salary and are not earnable compensation for retirement system purposes. Directs that employees earning \$100,000 or more are not eligible for this bonus.

**PROVISO SUBCOMMITTEE RECOMMENDATION:** AMEND proviso to delete the requirement that employees earning \$100,000 or more are not eligible to receive bonuses.

**117.52.** (GP: Employee Bonuses) State agencies and institutions are allowed to spend state, federal, and other sources of revenue to provide selected employees lump sum bonuses, not to exceed three thousand dollars per year, based on objective guidelines established by the Department of Administration. Payment of these bonuses is not a part of the employee's base salary and is not earnable compensation for purposes of employee and employer contributions to respective retirement systems. ~~Employees earning \$100,000 or more shall not be eligible to receive bonuses under this provision.~~ The employing agency must report this information on or before August thirty-first of each year and must include the total amount and source of the bonus received by the employee during the preceding fiscal year (July first through June thirtieth). The Human Resources Division of the Department of Administration shall formulate policies and procedures to ensure compliance with the reporting provisions of this proviso. Copies of the reports shall be made available to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee, upon request.

**117.67** **DELETE** (GP: Reduction in Force/Agency Head Furlough) Requires an agency head to take five days furlough if their state agency or institution implements a reduction in force (RIF) in the current fiscal year. Authorizes savings from the furlough to be retained by the agency and expended at the discretion of the agency head. Provides guidelines for employee benefits during the furlough. Requires state agencies to report furlough information to the B&C Board Office of Human Resources. Exempts agency heads from being required to take a mandatory furlough if RIFs are implemented due to reorganization to accomplish organizational efficiencies.

~~117.67. (GP: Reduction in Force/Agency Head Furlough) In the event a reduction in force is implemented by a state agency or institution of higher learning, the agency head shall be required to take five days furlough in the current fiscal year. If more than one reduction in force plan is implemented in a fiscal year, the mandatory agency head furlough is only required for the initial plan. The agency head will retain all responsibilities and authority during the furlough. All monies saved from this furlough may be retained by that agency and expended at the discretion of the agency head. During this furlough, the agency head shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee contributions, the state agency will be responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the agency head remains solely responsible for making those contributions.~~

~~Placement of an agency head on furlough under this provision does not constitute a grievance or appeal under the State Employee Grievance Procedure Act. In the event the reduction for the state agency or institution of higher learning is due solely to the General Assembly transferring or deleting a program, this provision does not apply. Agencies may allocate the agency head's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within which the furlough occurs. The Department of Administration shall promulgate guidelines and policies, as necessary, to implement the provisions of this proviso. State agencies shall report information regarding furloughs to the Department of Administration.~~

~~For purposes of this provision, agency head includes the president of a technical college as defined by Section 59-103-5 of the 1976 Code.~~

~~The agency head of the State Board for Technical and Comprehensive Education shall not be required to take this mandatory furlough based solely on the implementation of a reduction in force plan by a technical college.~~

~~An agency head shall not be required to take this mandatory furlough based solely on reductions in force implemented as a result of federal budget cuts or reorganization to accomplish organizational efficiencies.~~
